

I am appalled by the attempt give large media the options to get even larger and control more market share. This will be the beginning of the end of free speech. Disney, General elevtric, Viacom and others will control what the public hears and sees. We cerainly will see less criticism of these companies and their products.I want rules in place that serve the public, rather than private, interest.

I oppose taking a vote that leads to more media consolidation. On June 2nd, I urge you to retain the current ownership rules.
